Mr. Abraham Manley, President,
Newark Eagles,
71 Crawford Street,
Newark 2, New Jersey.

My dear Mr. Manley:

Thanks for your letter which has just reached my desk. I agree with you that we should very definitely get clearance as to the duties of the East-West Game Committee. If they intend to use us as dummies, then personally I am not inclined to go along. If, however, we are actually to function as I understood we were to do at the meeting, then it is necessary for us to take some action immediately.

I am trying to get Tom Wilson by long distance telephone now to get his interpretation. I am also trying to get Cum Posey who is somewhere between Washington, D. C., Raleigh, N. C., and Pittsburgh to find out if he has notes on the meeting. I would also like to get opinions from Mr. Wright of Cleveland, Mr. Baird of Kansas City, and Mr. Pompez of New York.

I am writing these gentlemen today, enclosing a copy of your letter to each of them and asking that they give me a reply as soon as possible.

I am leaving town tomorrow (Tuesday) for Detroit and Chicago. I will be in New York Sunday through Tuesday, and I plan to get in touch with you for a full discussion sometime during my stay in the East.

With best regards, I am

Very truly yours,

Wm G. Nunn
